Dear Mr. Cambre,

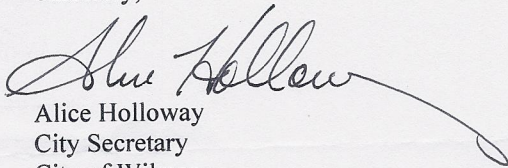

Thank you for your check no. 3008 for cost to generate data that you previously requested. After we last spoke, you were going to send a check and months went by so I closed your open records request.

I regret to inform you that after conferencing with our IT and computer support staff, the software we currently utilize is not compatible with the program for which you sent your check. As a result, please find enclosed your undeposited check number 3008.

However, your open records request is still open. If you want to come by and view the documents responsive to your request, you are free to do so during normal business hours. At the current time I am understaffed and, as such, it will not be until the week of May 23rd that the documents will be available due to the voluminous nature of your request.

Please feel free to call me with any questions or concerns.

Sincerely,

Alice Holloway
City Secretary
